THIS SUMMARY IS PROVIDED FOR CONVENIENCE ONLY.

FOR ALL FEES/DEPOSITS SUMMARIZED HERE THE FOLLOWING APPLIES:

Deposit:

- The applicant shall be responsible for the costs of all necessary reviews, examinations, inspections and tests by the Borough Code Enforcement Officer, Borough Engineer, Borough Solicitor, and other Borough consultants as determined necessary by the Borough Manager, or his designee, and as required to satisfy the Borough Code and other Borough, County, State and Federal laws and regulations, and any other costs incurred by the Borough in relation to the application.
- From the Deposit shall be deducted all related review fees and costs incurred by the Borough in relation to the application.
- If the Borough anticipates or later discovers that consultant review fees or other costs will be required as part of the administration of the application, the Borough may require that the application include, or be supplemented by submittal of, a deposit fee in the amount of \$600.00 (unless otherwise stated below). Borough cost and fees related to the application will then be deducted from this deposit.
- If it is determined by the Borough that the deposit balance is insufficient at anytime, then the applicant shall deposit an additional \$600.00 or as stated below (refusal to submit additional deposit or reimburse the borough for required costs in a timely manner will result in an automatic rejection of the application or cancellation or suspension of any permits granted).
- Any remaining funds will be returned to the applicant upon written request.

Performance Security:

- The Borough may require the applicant to provide financial security, in a form acceptable to the Borough Solicitor, or a certified check payable to the Borough, in a sufficient amount established by the Borough Engineer to guarantee performance and completion of the construction, renovation, demolition or movement of the structure in accordance with the application and all applicable regulations.

Other Consultant or Review Fees:

- The Borough, at its discretion, may require the application materials or subsequent construction to be reviewed by the Borough Engineer, Building Officials and Code Administrators International, Inc.(BOCA), or other consultants, with the applicant being responsible for all costs of said review as billed to the Borough.
- Where the applicant has retained an architect or professional engineer, upon good cause shown, the Borough Code Enforcement Officer may direct said architect or professional engineer to deal directly with Borough consultants upon the condition that the applicant shall furnish copies of all

- The applicant shall also be responsible for all other fees and costs incurred by the Borough in relation to an application, including, but not limited to: Borough Code Enforcement Officer review, advertising, public notices, certified mailings, court reporter appearance fee, transcription of testimony, legal fees, and any other related costs.
