

FOREST HILLS PARK AND ARBORETUM

Forest Hills Park, located on the corner of Ardmore Boulevard and Braddock Road and just down the hill from the Forest Hills Pool in the heart of the Forest Hills Borough, is a

park that has much to offer for any summer activity, and is a beautiful, natural setting for all ages.

There are two large shelters available to rent for a picnic or party with family and friends, the park also has a huge basketball court, a large playground area, a softball field and exercise trails running throughout the park.

Children will have a great time trying out all the different

playground equipment, while the adults can sit amidst the beautiful foliage that surrounds the park. The trails running through the park are great for taking a leisurely walk or getting in that perfect run.

No matter what you enjoy doing, the Forest Hills Park has something for everyone. To rent out any of the two shelters, contact Cindy Simm, Recreation Director, at 412-351-7330 x220.
