Pittsburgh, PA 15221

RE: Conclusion of Investigation of FHPA Complaint

Dear Officer Cooley:

I am writing on behalf of Borough Council to inform the Forest Hills Police Association (“FHPA”) that the investigation into the complaint regarding Councilman Tomasic has been completed and the results of the investigation has been shared with Borough Council. Councilman Tomasic was fully exonerated. Moreover, the allegations made by Officer Brian Armstrong on behalf of the FHPA that Councilman Tomasic used inappropriate language while referring to a female Borough employee and the Chief of Police are wholly without merit and not supported by the evidence provided to the investigator.

Accordingly, Council now considers the matter of the investigation into the FHPA’s complaint regarding Councilman Tomasic closed.

Very truly yours,

Patricia DeMarco
Vice President, Borough Council
